***3 semesters of Marching Band or Athletics fulfill the PE requirement.	

Alternative Scheduling (if needed)
HS credit completed in Middle School
Summer School
Dual Credit through programs of ACCD
Correspondence Courses

Even with the increased rigor of the 26-credit requirement for graduation, high school students will be able to include music, theatre, and other electives in their schedules. Please use the examples listed in this brochure, which have been approved by the OHS Guidance and Counseling Department, to aid you in completing your four-year plan.

Keep Fine Arts a part of your education!

Despite the increased requirements for graduation, most students can easily include four years of fine arts in their high school education. Students are encouraged to pursue their interests. The high school counselors will work diligently with each individual student to guarantee that all graduation requirements have been met.

OHS has a rich legacy of excellence in Fine Arts Education. Although we are proud of the numerous awards and recognition received by our Performing Arts staff and students, the true value and importance of this program is measured by the contribution of music to a well-rounded education. Our Fine Arts students are better prepared for success in all facets of life.
