OC Percussion perform at the South Texas Drumline Contest at 4:15 pm at the Brandeis HS Football Field (full schedule will be posted)

*******Message from director:**

We had a FANTASTIC weekend with the Panther Band. The band earned a 1st Division at the BOA Super Regional (2nd straight time since 2013) and earned our highest score at this contest since we have been going (81.450). This was a huge stride for the band and they finished the season with pride and class! I have posted two judges recordings, so you can hear a sample of the input we receive from many of the top judges in this art form. There are also several cool videos posted as well. It was truly the best performance of the year! That is how we teach...get better as a team week to week and save the best for last! I also want to recognize our oboe soloist Lauren Roquemore. She was so brave and rocked it all season long. For the last two years our music arranger relied on her skills to carry the ballad! Congrats to all again.

The OC Percussion will be in the South Texas Drumline Contest on Saturday at 4:15. Go out and cheer them on at the Brandeis HS Football field.

Senior recognition at the Brennan game. Once again if not working the game parents will need to purchase tickets and we will introduce everyone at halftime. Thanks for four amazing years.

We have many upper classmen headed to our elementary schools this week in the morning doing what we call 5th grade band petting zoos. They will be demonstrating their instruments to the future of the Panther Band. Thanks to those student volunteers.

If we win in the playoffs, then week by week we will post game and rehearsal schedules. Though we all realize notification is week to week we expect all the students to continue to represent their school and community as the playoffs continue. It will be a fun ride!

I am still working on an end of season reflection and summary. Our kids, parents and staff truly had an incredible year to reflect on and be proud of!

See you at the Brennan Game...
